OUR AFFILIATES...

ANGELA HOME CARE...AT A GLANCE

Since opening our doors in 2012, Angela Home Care has been recognized for providing a higher standard of care within the home care industry. Angela Home Care provides safe and competent private duty care within the privacy of our clients' homes.

OUR EXPERTISE

Our team is dedicated to providing quality and competent staff members on all cases. We conduct team meetings prior to the start of all cases to review the Plan of Care. If the client has a high acuity level, such as a Quad, a RN will accompany each new staff member to evaluate their competency on invasive procedures. This ensures the highest quality of care and maintains the client's state of wellness to the best of our abilities.

At Angela Home Care, we take pride in our strict hiring process followed by a comprehensive orientation and training program to ready the Nursing Staff in the provision of care to our clients. Our areas of expertise include: Spinal Cord Injuries and the Recognition and Intervention of Autonomic Dysreflexia, Traumatic Brain Injury, Private Duty Skilled Nursing and Respite Care.

- ◆ We are a skilled/medical private duty company bringing over 100 years of home and health care experience to our business partners and clients.
- ◆ Everyone employed at Angela Home Care comes from the medical field, from HR to IT.
- ◆ Because we are owned and operated by physicians and nurses, we understand the complexities of coordinating with other professionals to deliver a higher standard of care.

OUR MINISTRY

Angela Home Care, based in Saint Clair Shores, MI is a Physician-Nurse owned company with the Mission of providing competent and comprehensive health care services to our clients. Whether the client is recovering from an illness or has sustained a catastrophic injury, our staff utilizes a holistic approach to assist the client in reaching/maintaining their highest potential. Each Plan of Care is designed with a multi-disciplinary approach to include the client, physicians, therapies, families and caregivers to meet each unique aspect of their care.

OUR SERVICES

Skilled Nursing
